

CCE-LTER Research Experience for Undergraduates (REU) Summer 2025

Come join our scientists at Scripps Institution of Oceanography for a 10-12 week REU program. Learn about our California coastal pelagic ecosystem and contribute to long-term ecological research. Fun and informative activities planned throughout the summer!

Please see <https://ccelter.ucsd.edu/reu/> for application details & previous student projects.

Application deadline: 31 Jan 2025
